

THE NEWHAULER SPECIFICATIONS

Manufactured by DD Farm
Products, INC

DESCRIPTION:

The NewHauler is a user friendly bulk hauling cart with a patented bottom dumping system. It is the product of a ten year development program and when assembled, The NewHauler has over 100 major parts. It was designed for long term use and its design allows for part replacement if necessary.

SPECIAL FEATURES:

- A simple release of the latch allows the bottom doors to open and dump the material directly beneath the cart.
- The rear door closing mechanism is designed to work in unison with the bottom doors.
- All cables are adjustable for long term use.
- Tailgate is removable
- Hitches are designed with vertical movement to allow for uneven ground.

PAYLOAD CAPACITY:

- 12.8 cubic feet
- 500 pounds
